## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Kentfield Fire Protection District  
Kentfield, California

### *Report on the Financial Statements*

We have audited the accompanying financial statements of the governmental activities and General Fund of the Kentfield Fire Protection District, California (District), as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and General Fund of the District as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other required supplementary information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2020 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Pleasant Hill, California  
November 4, 2020

**KENTFIELD FIRE DISTRICT**  
**1004 Sir Francis Drake Boulevard, Kentfield, CA 94904**

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Management's Discussion and Analysis provides an overview of the District's financial activities for the fiscal year ended June 30, 2020. Please read it along with the District's financial statements, which begin on page 7.

**FINANCIAL HIGHLIGHTS**

The District's net position increased by \$751,000 during 2020. District-wide revenues increased by \$209,000 and total expenses increased by \$476,000.

Included in the required supplemental information section is a budgetary comparison schedule. As indicated in the budgetary comparison schedule on page 41, our revenues were higher than budgeted amounts by \$238,000 and operating expenditures were less than budgeted amounts by \$584,000.

**USING THIS ANNUAL REPORT**

This annual report consists of financial statements for the District as a whole with more detailed information about the District's general fund. The statement of net position and the statement of activities provide information about the activities of the District as a whole and present a long-term view of the District's finances (they include capital assets and long-term liabilities). The fund financial statements present a short-term view of the District's activities (they include only current assets expected to be collected in the very near future and liabilities expected to be paid in the very near future).

**THE DISTRICT AS A WHOLE**

One important question asked about the District's finances is, "Is the District better or worse off as a result of the year's activities?" The information in the government-wide financial statements helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting (and reports depreciation on capital assets), which is similar to the basis of accounting used by most private-sector companies.

The change in net position (the difference between total assets and total liabilities) over time is one indicator of whether the District's financial health is improving or deteriorating. However, one must consider other nonfinancial factors in making an assessment of the District's health, such as changes in the economy, changes in the District's tax base and assessed valuations to assess the overall health of the District.

Changes in the District's Net Position (in thousands) were as follows:

	2020	2019	Increase (decrease)
Current assets	\$ 7,564	\$ 6,419	\$ 1,145
Noncurrent assets	5,385	5,655	(270)
Total assets	<u>12,949</u>	<u>12,074</u>	875
Deferred outflows	2,730	2,741	(11)
Current liabilities	645	597	48
Noncurrent liabilities	8,791	9,368	(577)
Total liabilities	<u>9,436</u>	<u>9,965</u>	(529)
Deferred inflows	1,346	704	642
Net position:			
Net investment in capital assets	4,366	4,360	6
Unrestricted	530	(215)	745
Total net position	<u>\$ 4,896</u>	<u>\$ 4,145</u>	<u>\$ 751</u>

The increase in current assets is primarily a result of normal changes in working capital. The decrease in liabilities and deferred inflows were primarily due to the decreases in pension liabilities.

Changes in the District's revenues (in thousands) were as follows:

	2020	2019	Increase (decrease)
General revenues			
Property taxes	\$ 5,892	\$ 5,721	\$ 171
Use of money and property	269	231	38
Total general revenues	<u>6,161</u>	<u>5,952</u>	209
Program revenues			
Charges for services	445	581	(136)
Total program revenues	<u>445</u>	<u>581</u>	(136)
Total revenues	<u>\$ 6,606</u>	<u>\$ 6,533</u>	<u>\$ 73</u>

Property tax revenue increased due to higher assessed valuations. Charges for services decreased by approximately \$136,000 primarily due to a decrease in the OES reimbursements for out of county incidents.

Changes in the District’s expenses and net position (in thousands) were as follows:

	2020	2019	Increase (decrease)
Personnel	\$ 4,906	\$ 4,503	\$ 403
Material and services	621	550	71
Depreciation	287	276	11
Interest	41	50	(9)
Total expenses	<u>5,855</u>	<u>5,379</u>	476
Less: Program revenues	445	581	(136)
Net expenses	<u>5,410</u>	<u>4,798</u>	612
General revenues	<u>6,161</u>	<u>5,952</u>	209
Change in net position	751	1,154	(403)
Beginning net position	<u>4,145</u>	<u>2,991</u>	1,154
Ending net position	<u>\$ 4,896</u>	<u>\$ 4,145</u>	<u>\$ 751</u>

The increase in personnel costs were primarily due to the increase in pension liability.

## **FUND FINANCIAL STATEMENTS**

The fund financial statements provide detailed information about the District’s general fund.

The fund financial statements provide a short-term view of the District’s operations. They are reported using an accounting basis called modified accrual, which reports cash and other short-term assets and liabilities (receivables and payables) that will soon be converted to cash or will soon be paid with cash.

As shown on page 11, the fund balance of the general fund increased by \$1,107,630. On page 12 there is reconciliation between the fund balance increase and the change in net position.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

Depreciation is a systematic approach to allocate the cost of capital assets over their estimated useful lives. The District’s accounting policies are disclosed in Note 1 and a summary of changes in capital assets is reported in Note 3.

Details about our debt are shown in Note 4 in the financial statements.

## **ECONOMIC OUTLOOK**

The Kentfield Fire Protection District's financial position continues to be sufficient to maintain a high level of service to its constituents. The District's financial planning and fiscal forecast continues to be based on sound and conservative calculations of economic trends.

Property tax revenue remains the District's most stable revenue source. Real estate valuations in Marin County have stabilized with minimal growth. The District is projecting that it may experience slower revenue growth in 2020 through 2021. This assumption is based upon recent trends in real property values that have continued to increase, but not as robust as in prior years. In addition, there is the unknown COVID-19 impact on future property tax revenues. With the mortgage forbearance program scheduled to terminate at end of December 2020, a percentage of homeowners who are behind in mortgage payments may result in an increase of homes for sale beginning January 2021.

Although the District believes that it can still maintain a high level of service to our community, it will continue to review all areas where it can reduce cost. The District still has appropriate reserves to ensure equipment and apparatus replacement in addition to a commitment to reduce the unfunded retiree health care liability.

The economic condition of the District as it appears on the balance sheet reflects financial stability and the potential for organizational growth. The District will continue to maintain a watchful eye over expenditures and remain committed to sound fiscal management practices to deliver the highest quality services to the citizens of the area.

## **REQUESTS FOR INFORMATION**

This basic financial statement is to provide citizens, taxpayers, and creditors with a general overview of the District's finances.

Please address any questions about this report or requests for additional financial information to the address on our letterhead.

Respectfully submitted,

*Mark Pomi*

Mark Pomi, Fire Chief

**KENTFIELD FIRE PROTECTION DISTRICT  
STATEMENT OF NET POSITION  
AS OF JUNE 30, 2020**

**ASSETS**

Current assets:	
Cash and cash equivalents (Note 2)	\$7,451,350

**KENTFIELD FIRE PROTECTION DISTRICT  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GENERAL FUND  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2020**

Net change in fund balance	\$1,107,630
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental Funds report capital outlays as expenditures, however in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.	
Capital expenditures capitalized	17,395
Depreciation expense	(286,762)
Retirements are deducted from fund balance	(125)
Revenues in the statement of activities that do not provide current resources are not reported as revenue in the fund financial statements (net change)	
Property taxes	7,897
Debt principal transactions reported in the governmental fund statement of revenue, expenditures and changes in fund balance are not considered an operating activity in the statement of activities (but only as changes in liabilities)	
Payment to reduce capital lease obligations	274,726
Expenditures reported in the modified accrual statement of revenues, expenditures and changes in fund balance are recognized in the period incurred if they are to be paid from current financial resources. Expenses reported in accrual basis statement of activities are recognized when incurred, regardless of the timing of the payment:	
Net pension liability, and related deferred inflows and outflows of resources	(671,982)
Net OPEB liability, and related deferred inflows and outflows of resources	313,359
Accrued compensated absences	(11,851)
Change in net position	\$750,287

See accompanying notes to basic financial statements

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**REPORTING ENTITY**

The Kentfield Fire Protection District (the District) is a separate governmental unit established as a special district of the State of California. The purpose of the District is to provide fire protection, emergency medical and related services to Kentfield and the surrounding area. A five-person Board of Directors, elected by the citizens, governs the District. The District's legal authority and responsibilities are contained in the State of California Health and Safety Code under the "Fire Protection District Law of 1987".

**INTRODUCTION**

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations.).

The District presents its financial statements using the reporting model for special purpose governments engaged in a single government program. This model allows the government-wide and fund financial statements to be combined using a columnar format that displays reconciling items on the face of the financial statements rather than in separate schedules.

**BASIC FINANCIAL STATEMENTS GOVERNMENT-WIDE STATEMENTS**

The government-wide financial statements include all of the activities of the District. The District has no component units (other governments under the District's oversight or control). The statement of net position and the statement of activities display information about the reporting government as a whole. They display the District's activities on a full accrual accounting basis and economic resource measurement focus.

The statement of net position includes long-term assets as well as long-term debt and other obligations. The District's net position is reported in two parts: (1) net investment in capital assets and (2) unrestricted net position.

The activities of the District are supported primarily by general government revenues (property taxes and intergovernmental revenues). The statement of activities presents gross expenses (including depreciation) and deducts related program revenues, operating and capital grants to indicate the net cost of operations. Program revenues include (a) fees and charges paid by recipients for services and (b) operating grants include operating-specific and discretionary (either operating or capital) grants while capital grants reflect capital-specific grants.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net Position resulting from the current year's activities.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND FINANCIAL STATEMENT STATEMENTS**

The financial transactions of the government are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resource, assigned or unassigned resources, fund balance, revenues and expenditures.

The District uses the following fund types:

**Governmental funds** are focused on the determination of financial position and changes in financial positions (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

**General Fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

**BASIS OF ACCOUNTING**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

**Accrual**

The governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**Modified accrual**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. “Available” means collectible within the current period or within 60 days after year-end. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

**FINANCIAL STATEMENT AMOUNTS**

**Cash and cash equivalents**

The District has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with its fiscal agent (County of Marin).

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Investments**

Investments are stated at fair value (quoted market price).

**Capital assets**

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

- |                                     |              |
|-------------------------------------|--------------|
| • Buildings and improvements        | 40 years     |
| • Fire apparatus                    | 20- 25 years |
| • Other vehicles                    | 10 years     |
| • Furniture, fixtures and equipment | 3-20 years   |

Artwork donated to the District is not expected to decline in value and, therefore, is not depreciated. The District owns no infrastructure assets meeting the criteria for capitalization.

**Compensated Absences**

The District accrues accumulated unpaid vacation and sick leave when earned (or estimated to be earned) by the employee.

In accordance with an agreement with the Kentfield Association of Professional Firefighters, the District is obligated to provide the following compensated absence benefits:

**Sick leave** Shift employees of the District earn sick leave at 12 hours per month (one-half shift) and may accumulate up to 2,880 hours. Management and administrative employees earn 8 hours per month. Effective June 30, 2010, employees with 15 years of service receive at retirement or death a one-time payment equal to 50% of the value of accumulated sick leave.

**Vacations** Shift personnel earn vacation shifts at a rate of 6 to 13 shifts per year, depending on length of service. The District's two management and administrative employees earn from 10 to 25 days per year, depending on length of service. Vacations may be accumulated and carried forward from year to year subject to a maximum one year's allowance plus nine shifts (reduced by compensatory time accumulated) and two years' allowance (400 hours) for non- management administrative personnel.

**Compensatory time-off** All District personnel may accumulate accrued overtime pay at one and one-half times their basic pay rate. Accumulated compensatory time is limited to 9 shifts. Amounts in excess of 9 shifts are paid to the employee.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs – other than quoted prices included within level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

**Property taxes**

The County of Marin levies taxes and places liens on real property as of January 1 on behalf of the District. Secured property taxes are due the following November 1 and March 1 and become delinquent April 10 and December 10, for the first and second installments, respectively. Unsecured property taxes are levied throughout the year.

As provided by the California Revenue and Taxation Code, the County of Marin advances the District its share of the annual gross levy of secured property taxes and special assessments. In consideration, the District gives the County of Marin its rights to penalties and interest on delinquent property tax receivables and actual proceeds collected.

Special fire tax charges are assessed by the District Board of Directors before September 1 and adopted by resolution. These special tax charges are incorporated on property tax bills, and therefore are attached as an enforceable lien on real property located within the District.

**Fund balance**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Governmental accounting principles provide that fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned. The Fire Chief is authorized as the designee to assign amounts to a specific purpose. The District's policy is that committed and assigned fund balances are considered to have been spent first before unassigned fund balances are spent.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Nonspendable** – This component includes amount that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The District does not have a nonspendable fund balance.

**Restricted** – This component consists of amounts that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. The District does not have a restricted fund balance.

**Committed** – This component consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District’s highest level of decision making authority which includes ordinances and resolutions. Those committed amounts cannot be used for any other purpose unless the District removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed previously to commit those amounts. The District does not have any resources that meet this component of fund balance.

**Assigned** – This component consists of amounts that are constrained by the District’s intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the Board of Directors, Fire Chief or their designee as established in the District’s fund balance policy.

**Unassigned** – This classification represents amounts that have not been restricted, committed or assigned to specific purposes within the general fund.

**Pensions**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District’s California Public Employees’ Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans’ fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**OPEB Liabilities, OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District’s OPEB Plan and additions to/deductions from the OPEB Plan’s fiduciary net position have been determined on the same basis as they are reported by the California Employers’ Retiree Benefit Trust (CERBT). For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Use of Estimates**

The basic financial statements have been prepared in conformity to generally accepted accounting principles and therefore include amounts based on informed estimates and judgments of management. Actual results could differ from those estimates.

**GASB Pronouncements**

The following Governmental Accounting Standards Board (GASB) pronouncements were effective in fiscal year 2019-20:

In November 2016, GASB issued GASB Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (ARO's). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of the statement are effective for reporting periods beginning after June 15, 2019. The District does not have any Asset Retirement Obligations that are within the scope of GASB Statement No. 83.

In January 2020, GASB issued GAS Statement No. 92, *Omnibus 2020*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instructions are effective upon issuance. These requirements did not have any significant effect on the District's fiscal year 2019-20 financial statements. The remaining requirements of GASB Statement No. 92 are effective for reporting periods beginning after June 15, 2021. The District is in the process of determining the impact of these requirements will have on its financial statements.

In May 2020, GASB issued GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The requirements of the statement are effective immediately. The District implemented GASB Statement No. 95 for the presentation of the fiscal year 2019-20 financial statements.

**KENTFIELD FIRE PROTECTION DISTRICT  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 For the Year Ended June 30, 2020**

**NOTE 2 – CASH AND CASH EQUIVALENTS**

The District maintains most of its cash in the County of Marin pooled investment fund for the purpose of increasing interest earnings through pooled investment activities. The District’s position in the pool is the same as the value of the pool shares. Interest earned on the investment pool is allocated quarterly to the participating funds using the daily cash balance of each fund. This pool, which is available for use by all funds, is displayed in the financial statements as “Cash and Cash Equivalents.”

The County Pool includes both voluntary and involuntary participation from external entities. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer.

The County’s investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Treasurer are regulated by the California Government Code and by the County’s investment policy. The objectives of the policy are in order of priority, safety, liquidity, yield, and public trust. The County has established a treasury oversight committee to monitor and review the management of public funds maintained in the investment pool in accordance with Article 6 Section 27131 of the California Government Code. The oversight committee and the Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the members of the oversight committee and the investment pool participants every month. The report covers the types of investments in the pool, maturity dates, par value, actual costs and fair value.

Cash and cash equivalents consist of the following:

Cash with County Treasurer	\$7,218,474
Cash in banks	232,676
Petty cash	<u>200</u>
Total	<u><u>\$7,451,350</u></u>

**INTEREST RATE RISK**

In accordance with its investment policy, the County manages its exposure to declines in fair values by limiting the weighted average maturity of its investment pool to 540 days, or 1.5 years. At June 30, 2020, the County’s investment pool had a weighted average maturity of 220 days.

For purposes of computing weighted average maturity, the maturity date of variable rate notes is the length of time until the next reset date rather than the stated maturity date.

**CREDIT RISK**

State law and the County’s Investment Policy limits investments in commercial paper, corporate bonds, and medium term notes to the rating of “A” or higher as provided by Moody’s Investors Service or Standard & Poor’s Corporation. The County’s Investment Policy limits investments purchased by Financial Institution Investment Accounts, a type of mutual fund, to United States Treasury and Federal Agency obligations with a credit quality rating of “AAA.”

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 2 – CASH AND CASH EQUIVALENTS (Continued)**

**CONCENTRATION OF CREDIT RISK**

This is the risk of loss attributed to the concentration of the District’s investment in a single issuer.

The following is a summary of the concentration of credit risk by investment type as a percentage of Marin County investment pool’s fair value at June 30, 2020.

Marin County Investment Pool	Percent of portfolio
Federal agency - coupon	17%
Federal agency - discount	79%
Money market funds	4%
	100%

**CUSTODIAL CREDIT RISK**

For investments and deposits held with safekeeping agents, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or deposits that are in the possession of an outside party. At year end, the County’s investment pool had no securities exposed to custodial credit risk.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District would not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the District’s name, and held by the counterparty. The District’s investment securities are not exposed to custodial credit risk because all securities are held by the District’s custodial bank in the District’s name.

**FAIR VALUE HIERARCHY**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The County Treasurer’s Pool is classified in Level 2 is valued based on the fair value factor provided by the County of Marin, which is calculated as the fair value divided by the amortized cost of the investment pool.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 2 – CASH AND CASH EQUIVALENTS (Continued)**

**LOCAL AGENCY INVESTMENT FUND**

The County is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The book value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The total amount invested by all public agencies in LAIF as of June 30, 2020 was \$32 billion. LAIF is a part of the California Pooled Money Investment Act (PMIA), which at June 30, 2020 had a portfolio balance of \$113.5 billion. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. The average maturity of PMIA investments was 191 days as of June 30, 2020.

**NOTE 3 – CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2020, was as follows:

	Balance June 30, 2019	Additions	Dispositions	Balance June 30, 2020
Nondepreciable capital assets:				
Land	\$10			\$10
Artwork	35,000			35,000
Total nondepreciable capital assets	35,010			35,010
Capital assets being depreciated:				
Buildings and building improvements	5,907,296			5,907,296
Fire apparatus	1,723,726			1,723,726
Vehicles	150,924			150,924
Equipment and furniture	931,268	\$17,395	(\$1,000)	947,663
Total capital assets being depreciated	8,713,214	17,395	(1,000)	8,729,609
Less accumulated depreciation for:				
Buildings and building improvements	1,631,478	148,273		1,779,751
Fire apparatus	721,361	78,489		799,850
Vehicles	76,290	14,357		90,647
Equipment and furniture	664,310	45,643	(875)	709,078
Total accumulated depreciation	3,093,439	286,762	(875)	3,379,326
Total depreciable assets	\$5,619,775	(\$269,367)	(\$125)	\$5,350,283

In addition to the fire apparatus listed above, the District utilizes a fire engine owned by the State of California to provide fire protection services.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 4 – NONCURRENT LIABILITIES**

**Compensated Absences Payable**

Accrued compensated absences are not due and payable in the current period and therefore, are not considered liabilities of the general fund in the fund financial statements. The government-wide statement of net position reports the liability, segregating the amount expected to be paid within one year as a current liability.

Balance as of June 30, 2019	\$	527,685
Increases during the year		208,915
Decreases during the year		(197,064)
		539,536
Balance as of June 30, 2020		539,536
Less amount due within 1 year		197,064
		\$342,472
Amount due after 1 year		

**Direct Borrowings - Capital Lease Obligations**

The following is a schedule of changes in capital lease obligations during the year:

	Fire Station Modernization	Solar Equipment	Total
Balance as of June 30, 2019	\$1,281,225	\$13,135	\$1,294,360
Decreases during the year	(268,159)	(6,567)	(274,726)
Balance as of June 30, 2020	\$1,013,066	\$6,568	\$1,019,634

Solar Equipment Capital Lease

In December 2008, the District entered into a capital lease arrangement with Municipal Finance Corporation (MFC) pursuant to approval from the Internal Revenue Service for the issuance of Clean Renewable Energy Bonds in the principal amount of \$153,845 for the purpose of obtaining zero interest financing to purchase solar equipment. The arrangement provided for a cash payment to the District (to be used to acquire the equipment) in consideration for a lease of that equipment to MFC. MFC then subleased the equipment to the District in exchange for a stream of annual payments. The District's lease payments to the Corporation are payable from any source of legally available funds. The transaction has been reported as a capital lease in these financial statements. During fiscal year 2010-11, the District made additional lease repayments of approximately \$53,000.

The capital lease is secured by the solar equipment financed by this lease. The outstanding lease amount contains a provision that in an event of default, MFC retakes possession of the solar equipment to resell, lease, or sublease the items with the net amount of proceeds received by MFC to be applied to the District's outstanding obligations as defined by the agreement.

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 4 – NONCURRENT LIABILITIES (Continued)**

Fire Station Modernization Capital Lease

In January 2009, the District also entered into a similar lease financing arrangement with Municipal Finance Corporation (MFC) for the purpose of obtaining financing for the modernization of its fire station. The capital lease was for \$4,030,000 and it also is payable from any source of legally available funds. During 2009-10, the District made additional lease repayments of approximately \$480,000.

In June 2014, the District amended the fire station lease agreement with a bank in the amount of \$2,494,425. Interest rate is 3.40% per annum. Interest and principal payments are due each June 30 and December 30. Final payment is due December 30, 2023.

The capital lease is secured by the fire station at 1004 Sir Francis Drake Boulevard, Kentfield, California. The outstanding lease amount contains a provision that in an event of default, MFC may terminate the lease, re-lease all or any portion of the Leased Property or enforce payments without termination of the lease holding the District liable for the payment of all lease payments.

Following is a summary of the District’s capital leases:

	<u>Fire Station Modernization</u>	<u>Solar Equipment</u>
Date of lease	June 30, 2014	December 2008
Semi-annual payment	\$154,730	
Annual Payment		\$6,567
Number of payments	19	13
Effective annual interest rate	3.40%	0.87%
Financing costs		\$7,692
Cost of building/equipment	\$4,934,000	\$68,000

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 4 – NONCURRENT LIABILITIES (Continued)**

Future debt service are as follows:

Year ending June 30	Direct Borrowings		
	Fire Station Modernization	Solar Equipment	Total
2021	\$309,461	\$6,568	\$316,029
2022	309,461		309,461
2023	309,461		309,461
2024	154,731		154,731

Amount due after one year	<u>\$735,711</u>		<u>\$735,711</u>

**KENTFIELD FIRE PROTECTION DISTRICT  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 For the Year Ended June 30, 2020**

**NOTE 5 – FUND BALANCE**

The following are assigned fund balances:

Assigned for:	
Apparatus replacement	\$975,572
Building replacement	647,899
Compensated absences	180,973
Contingencies and emergencies	395,000
LDH (Hose)	30,000
Marin Emergency Radio Authority	37,580
PERS unfunded liability	1,180,490
OPEB	497,689
CEPPT CalPERS Pension Trust	450,000
General insurance deductible	10,000
Health insurance	25,000
Hydrants and mains	10,000
Mapping and planning	60,000
Heavy rescue equipment	80,000
Debt service sinking fund	625,000
Total	\$5,205,203

**NOTE 6 – DEFERRED COMPENSATION PLAN**

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. This plan, available to all permanent District employees, permits employees to defer a portion of their current salary until future years.

The laws governing deferred compensation plan assets require plan assets to be held by a Trust for the exclusive benefit of plan participants and their beneficiaries. Since assets held under these plans are not the District’s property and are not subject to District control, they have been excluded from these financial statements.

**NOTE 7 – PENSION PLAN**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District’s California Public Employees’ Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan’s fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 7 – PENSION PLAN (Continued)**

**General Information about the Pension Plan**

The District’s Miscellaneous and Safety Plan are part of the public agency cost-sharing multiple-employer defined benefit pension plan (PERF C), which is administered by CalPERS. PERF C consists of a miscellaneous pool and a safety pool (also referred to as “risk pools”), which are comprised of individual employer miscellaneous and safety rate plans, respectively. Individual employers may sponsor more than one miscellaneous and safety rate plan. The employer participates in one cost-sharing multiple-employer defined benefit pension plan regardless of the number of rate plans the employer sponsors. The District sponsors two rate plans (other) within the miscellaneous risk pool and two rate plans (fire) within the safety risk pool.

**Benefits Provided** – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1959 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The Plan’s provisions and benefits in effect at June 30, 2020, are summarized as follows:

	<u>Miscellaneous Tier 1</u>	<u>Miscellaneous Tier 2</u>	<u>Miscellaneous PEPRA</u>
Benefit formula	3% @ 60	2.5% @ 55	2% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	60	55	62
Monthly benefits, as a % of eligible compensation	3%	2.5%	2%
Required employee contribution rates	N/A	7.951%	6.750%
Required employer contribution rates	N/A	10.823%	6.985%
	<u>Safety</u>	<u>Safety PEPRA</u>	
Benefit formula	3% @ 55	2.7% @ 57	
Benefit vesting schedule	5 years service	5 years service	
Benefit payments	monthly for life	monthly for life	
Retirement age	55	57	
Monthly benefits, as a % of eligible compensation	3%	2.7%	
Required employee contribution rates	8.986%	12.750%	
Required employer contribution rates	21.748%	13.786%	

**Contributions** – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 7 – PENSION PLAN (Continued)**

For the year ended June 30, 2020, the contributions to the Plan were as follows:

	Miscellaneous	Safety	Total
Contributions - employer	\$34,279	\$749,644	\$783,923

**Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions**

As of June 30, 2020, the District reported net pension liabilities for its proportionate shares of the net pension liability of each Plan as follows:

	Proportionate Share of Net Pension Liability
Miscellaneous	\$212,269
Safety	6,331,147
Total	\$6,543,416

The District’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2019, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The District’s proportionate share of the net pension liability for the Plan as of June 30, 2018 and 2019 was as follows:

	Miscellaneous	Safety
Proportion - June 30, 2018	0.00549%	0.09813%
Proportion - June 30, 2019	0.00530%	0.10142%
Change - Increase (Decrease)	(0.00019%)	0.00329%

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 7 – PENSION PLAN (Continued)**

For the year ended June 30, 2020, the District recognized a pension expense of \$671,982 for the Plan on the Statement of Activities. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$783,923	
Differences between actual and expected experience	428,110	(\$1,142)
Changes in assumptions	269,625	(54,230)
Change in employer's proportion and differences between the employer's contributions and the employer's proportionate share of contributions	352,828	(390,021)
Net differences between projected and actual earnings on plan investments		(90,807)
<b>Total</b>	<b>\$1,834,486</b>	<b>(\$536,200)</b>

The \$783,923 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	Annual Amortization
2021	\$459,385
2022	(13,651)
2023	50,933
2024	17,696
<b>Total</b>	<b>\$514,363</b>

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** – The following presents the District's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous	Safety
1% Decrease	6.15%	6.15%
Net Pension Liability	\$300,802	\$10,062,912
Current Discount Rate	7.15%	7.15%
Net Pension Liability	\$212,269	\$6,331,147
1% Increase	8.15%	8.15%
Net Pension Liability	\$139,192	\$3,271,685

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 7 – PENSION PLAN (Continued)**

**Actuarial Assumptions** – For the measurement period ended June 30, 2019, the total pension liability was determined by rolling forward the June 30, 2018 total pension liability. The June 30, 2019 total pension liability was based on the following actuarial methods and assumptions.

Valuation Date	June 30, 2018
Measurement Date	June 30, 2019
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	(1)
Investment Rate of Return	7.15% (2)
Mortality	Derived using CalPERS' Membership Data for all Funds (3)
Post Retirement Benefit Increase	Contract COLA up to 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies

(1) Depending on age, service and type of employment

(2) Net of pension plan investment expenses, including inflation

(3) The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report based on CalPERS demographic data from 1997 to 2015 that can be found on the CalPERS website.

**Long-term Expected Rate of Return** – The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 7 – PENSION PLAN (Continued)**

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class <sup>1</sup>	Assumed Asset Allocation	Real Return Years 1 - 10 <sup>2</sup>	Real Return Years 11+ <sup>3</sup>
Global Equity	50.0%	4.80%	5.98%
Global Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
Total	<u>100%</u>		

(1) In the CalPERS CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

(2) An expected inflation of 2.00% used for this period.

(3) An expected inflation of 2.92% used for this period.

**Discount Rate** – The discount rate used to measure the total pension liability for each Plan was 7.15%. The projection of cash flows used to determine the discount rate for each Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, each Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members for all plans in the PERF. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability for each Plan.

In May 2020, the District established California Employers’ Pension Prefunding Trust (CEPPT) with California Public Employees’ Retirement System (CalPERS). This trust was established to set aside moneys to meet the District’s future pension contributions or unfunded liabilities. Financial statements of CalPERS may be obtained from CalPERS Financial Office, P.O. Box 942703, Sacramento, CA, 94229-2703.

**Pension Plan Fiduciary Net Position** – Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 7 – PENSION PLAN (Continued)**

**Subsequent Event – CalPERS Pension Contribution Rates** – The CalPERS Board of Administration has adopted a new amortization policy effective with the June 30, 2019 actuarial valuation. The new policy shortens the period over which actuarial gains and losses are amortized from 30 years to 20 years with the payments computed using a level dollar amount. In addition, the new policy removes the 5-year ramp-up and ramp-down on UAL bases attributable to assumption changes and non-investment gains/losses. The new policy removes the 5-year ramp-down on investment gains/losses. These changes will apply only to new UAL bases established on or after June 30, 2019. As a result of these changes, the District’s contribution rates for the fiscal year ended June 30, 2021 are expected to increase over the fiscal year 2020 contribution rates.

**NOTE 8 – OTHER POST EMPLOYMENT HEALTHCARE BENEFITS (OPEB)**

**A. General Information about the District’s Other Post Employment Benefit (OPEB) Plan**

**Plan Description** – The District’s Post Employment Benefit Plan is an agent-multiple employer defined benefit OPEB plan. Provisions of retiree benefits are as follows:

**OPEB provided:** The District reported the following OPEB: medical, dental, and vision plan coverage. However, only retiree medical premiums are subsidized by the District.

**Access to coverage:** Medical coverage is currently provided through CalPERS as permitted under the Public Employees’ Medical and Hospital Care Act (PEMHCA). This coverage requires the employee to satisfy the requirements for retirement under CalPERS: either (a) attainment of age 50 (age 52, if a miscellaneous employee new to PERS on or after January 1, 2013) with 5 years of State or public agency service or (b) an approved disability retirement.

The employee must begin his or her retirement warrant within 120 days of terminating employment with the District to be eligible to continue medical coverage through the District and be entitled to the employer subsidy described below. If an eligible employee is not already enrolled in the medical plan, he or she may enroll within 60 days of retirement or during any future open enrollment period. Coverage may be continued at the retiree’s option for his or her lifetime. A surviving spouse and other eligible dependents may also continue coverage and receive benefits.

**Benefits provided:** The District currently pays 100% of the monthly medical premium for **active employees**, their spouses and other eligible dependents up to the PERS Choice Basic premium rates (i.e., the pre-Medicare premium rates) for the Bay Area region. The maximum amounts paid by the District vary are equal to the Basic (pre-Medicare) PERS Choice rate for the coverage level selected (i.e., single, two party or family).

**Board members:** To be eligible for subsidized retiree medical benefits, members of the Board of Directors (who are not also retired employees) must serve at least two, four-year terms on the Board. For retired Board members completing this service, the District contributes 100% of employee only premiums, not to exceed the PERS Choice premium for employee only coverage.

For the year ended June 30, 2020, the District’s contributions to the Plan were \$573,868.

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 8 – OTHER POST EMPLOYMENT HEALTHCARE BENEFITS (OPEB) (Continued)**

*Employees Covered by Benefit Terms* – Membership in the plan consisted of the following at the measurement date of June 30, 2020:

Active employees	23
Inactive employees or beneficiaries currently receiving benefit payments	16
Inactive employees entitled to but not yet receiving benefit payments	0
Total	39

**B. Net OPEB Liability**

*Actuarial Methods and Assumptions* – The District’s net OPEB liability was measured and determined based on the following actuarial methods and assumptions:

	Actuarial Assumptions
Valuation Date	June 30, 2019
Measurement Date	June 30, 2019
Actuarial Cost Method	Entry Age Normal Cost
Amortization Method	Level percent of pay
Actuarial Assumptions:	
Asset Valuation Method	Market value of assets
Discount Rate	6.55%
Salary Increase	3.00%
General Inflation Rate	2.50%
Mortality Rate	MacLeod Watts Scale 2018 applied generationally <sup>(1)</sup>
Healthcare Trend Rates	6.5% decrease to 4% for 2076 and after

<sup>(1)</sup> The MacLeod Watts Scale 2018 was developed from a blending of data and methodologies found in two published sources: (1) the Society of Actuaries Mortality Improvement Scale MP-2017 Report, published in October 2017 and (2) the demographic assumptions used in the 2017 Annual Report of the Board of Trustees of the Federal Old-Age and Survivors Insurance and Federal Disability Insurance Trust Funds, published June 2017.

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 8 – OTHER POST EMPLOYMENT HEALTHCARE BENEFITS (OPEB) (Continued)**

The District has been and continues to prefund its OPEB liability, contributing 100% or more of the Actuarially Determined Contributions each year. With the District's approval, the assumed trust rate and discount rate applied for accounting purposes in this report is 6.55%, reflecting the District's expectations as of the measurement date. Actuarially Determined Contributions for plan funding purposes were developed using a 6.45% discount rate, equal to the assumed trust rate of return less 0.1% for trust administrative fees.

Demographic actuarial assumptions used in this valuation are based on the 2017 experience study of the California Public Employees Retirement System using data from 1997 to 2015, except for a different basis used to project future mortality improvements. Mortality rates used were the CalPERS published rates, adjusted to back out 15 years of Scale MP 2016 to central year 2015.

**C. Changes in Total OPEB Liability**

The changes in the total OPEB liability follows:

	Increase (Decrease)		
	Total OPEB Liability (a)	Fiduciary Net Position (b)	Net OPEB Liability (c) = (a) - (b)
Balance at 6/30/2018	\$4,472,306	\$2,428,294	\$2,044,012
Changes Recognized for the Measurement Period:			
Service cost	203,194		203,194
Interest on the total OPEB liability	295,122		295,122
Changes of benefit terms			
Differences between expected and actual experience			
Plan Experience	(674,783)		(674,783)
Administrative Expenses		(556)	556
Other Expenses			
Changes of assumptions	50,053		50,053
Contributions from the employer		555,934	(555,934)
Benefit payments	(199,934)	(199,934)	
Net Expected Investment Income		192,378	(192,378)
Net changes	(326,348)	547,822	(874,170)
Balance at 6/30/2019 (Measurement Date)	\$4,145,958	\$2,976,116	\$1,169,842

**KENTFIELD FIRE PROTECTION DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2020**

**NOTE 8 – OTHER POST EMPLOYMENT HEALTHCARE BENEFITS (OPEB) (Continued)**

**D. Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates**

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

Net OPEB Liability/(Asset)		
Discount Rate -1% (5.55%)	Current Discount Rate (6.55%)	Discount Rate +1% (7.55%)
\$1,728,328	\$1,169,842	\$710,066

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates (8% decreasing to 5%):

Net OPEB Liability/(Asset)		
1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
\$657,176	\$1,169,842	\$1,805,301

**E. OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB**

For the year ended June 30, 2020, the District recognized OPEB expense of \$524,293. At June 30, 2020, the District reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer contributions made subsequent to the measurement date	\$573,868	
Differences between actual and expected experience		(\$799,021)
Net difference between projected and actual earnings on investments		(10,949)
Changes of assumptions	321,376	
Total	\$895,244	(\$809,970)

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 8 – OTHER POST EMPLOYMENT HEALTHCARE BENEFITS (OPEB) (Continued)**

\$573,868 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as part of OPEB expense as follows:

Year Ended June 30	Annual Amortization
2021	(\$70,275)
2022	(70,274)
2023	(68,975)
2024	(66,222)
2025	(69,300)
Thereafter	(143,548)
Total	(\$488,594)

**NOTE 9 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District obtains insurance coverage.

Public entity risk pools are formally organized and separate entities established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, those entities exercise full powers and authorities within the scope of the related Joint Powers Agreements including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Each risk pool is governed by a board consisting of representatives from member municipalities. Each board controls the operations of the respective risk pool, including selection of management and approval of operating budgets, independent of any influence by member municipalities beyond their representation on that board. Obligations and liabilities of these risk pools are not the District's responsibility.

**KENTFIELD FIRE PROTECTION DISTRICT  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2020**

**NOTE 9 – RISK MANAGEMENT (Continued)**

Fire Agencies Insurance Risk Authority

The District is insured for Comprehensive Liability and Automotive and Property Damage coverage as a member of the Fire Agencies Insurance Risk Authority (the Authority). The Authority is a public agency risk pool created pursuant to a joint powers agreement between the numerous member fire agencies. The Authority manages one pool for all member agencies. Each member pays an annual premium to the system based on numerous factors including the number of personnel, types and values of assets held. The following coverage limits and deductibles are listed as follows:

<u>Coverage</u>	<u>Limit</u>	<u>Deductible</u>
General Liability	\$1,000,000	\$0
Personal and Advertising Injury	1,000,000	0
Fire Damage Legal Liability	1,000,000	0
Medical Expense (each accident)	10,000	0
General Aggregate	10,000,000	0
Products/Completed Operations Annual Aggregate	10,000,000	0
Management	1,000,000	5,000
Cyber	1,000,000	0
Automobile	1,000,000	5000
Garagekeepers Legal Liability	500,000	250-500
Umbrella Liability	10,000,000	5000
Crime	1,000,000	1000

Fire Districts Association of California – Fire Association Self Insurance System

Effective September 1993, the District became self-insured for Workers’ Compensation coverage as a member of the Fire Districts Association of California – Fire Association Self- Insurance System (the System). The System is a public agency risk pool created pursuant to a joint powers agreement between the numerous member fire agencies. The System manages one pool for all member agencies. Each member pays an annual premium to the system based on the number of personnel, an estimated dollar amount of payroll and an experience factor. At fiscal year-end, when actual payroll expenditures are available, an adjustment to the year’s annual premium is made. The System reinsures through the Local Agency Excess Workers’ Compensation Authority (LAWCX), a joint powers authority, for claims in excess of \$750,000 for each insured event. The District’s claims did not exceed coverage over the last 3 fiscal years.

**KENTFIELD FIRE PROTECTION DISTRICT  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 For the Year Ended June 30, 2020**

**NOTE 10 – JOINT VENTURE**

**A. Marin Emergency Radio Authority**

The District entered into a Joint Powers Agreement in February 1998, establishing the Marin Emergency Radio Authority (the Authority). The Authority is responsible to acquire, construct, and improve a countywide emergency radio system. During the year ended June 30, 1999, the Authority issued Revenue Bonds to be used for the acquisition of the radio system. Of the \$27 million in Revenue Bonds, the District’s share was for 0.812%, or approximately \$219,000. Each year through August 2020, approximately \$14,000 annual debt services payments will be due to the Authority. Including interest and principal, it is anticipated the District’s total obligation over 20 years would be approximately \$288,000. In addition to making payments toward debt service, the District pays the Authority for operations and maintenance of MERA.

The financial statements of the Authority are available at the Authority’s website:  
<http://www.meraonline.org>.

**B. Marin Wildfire Prevention Authority**

The District entered into a Joint Exercise of Powers Agreement in October 2019, establishing the Marin Wildfire Prevention Authority (the Authority). The Authority is responsible to plan, finance, implement, manage, own and operate a multi-jurisdictional and county-wide agency to prevent and mitigate wildfires in Marin County. The Authority is funded by a parcel tax measure which was approved by the voters in Marin County on March 3, 2020.

The financial statements of the Authority are currently unavailable.

**NOTE 11 – ARTICLE XIII OF THE STATE CONSTITUTION**

The Constitution of the State of California allows local governments to increase appropriations annually by the rate of population increase and the rate of inflation (determined to be the lesser of the U.S. Consumer Price index or California per capita income). As provided by California Statute, the voters of the District voted by more than the two-thirds majority required, to increase the appropriations limit to the actual amount of taxes collected.

Appropriations Limit	\$6,242,494
Annual subject appropriations	6,242,494
Amount (over) under the Appropriations limit	\$ -

**NOTE 12 – COMMITMENTS**

The District has a memorandum of understanding (MOU) with the Kentfield Association of Professional Firefighters (the Union) that provides various terms of employment.

**INDEPENDENT AUDITOR’S REPORT ON  
INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Kentfield Fire Protection District  
Kentfield, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Kentfield Fire Protection District (District), California, as of and for the year ended June 30, 2020, and have issued our report thereon dated November 4, 2020.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have also issued a separate Memorandum on Internal Control dated November 4, 2020 which is an integral part of our audit and should be read in conjunction with this report.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
